

Cone Crusher Wear Parts

Durable cone crusher wear parts - bowls and mantles, liners, torch rings, distributor caps.

Unicast cone crusher parts are designed to improve efficiency and reduce costs by extending wear life and minimizing downtime. We offer high quality replacement wear parts for cone crushers, including bowls, mantles, torch rings, distributor caps, and crusher backing.

BOWLS AND MANTLES

Proprietary Alloy for Durability and Toughness - available in austenitic manganese steel alloy M2, M19, and M22, Unicast bowls and mantles are engineered for extended wear life resulting in decreased downtimes and increased cost savings.

Universal Fit- fits all standard cone crushers.

Quick Deliveries - we carry a rotating stock of bowls and mantles for quick deliveries. Same-day shipping!

TORCH RINGS & DISTRIBUTOR CAPS

Unique Design for Maximum Protection - Unicast distributor caps are extra-large and designed specifically to protect the torch rings and the mantle underneath from premature erosion. Cast for heavy-duty applications with built-in protection

for longest wear life.

FEATURES & BENEFITS

- Proprietary alloys offer increased toughness and durability
- Better fit for quick and easy replacement
- Design improvements increase crusher efficiency and prevent premature erosion
- Tested for longest usable wear life
- Large inventory of crusher wear parts in stock for immediate deliveries
- Less downtime for cost savings
